EXECUTIVE DEPARTMENT

EXECUTIVE ORDER NO. BJ 2008 - 50

LOUISIANA COMMISSION ON MARRIAGE AND FAMILY

- WHEREAS,** marriage is more than a civil contract which transforms the contracting of man and woman into a legally and publicly recognized partnership, as it is also a special form of social and legal dependence entered for the purpose of founding and maintaining a family;
- WHEREAS,** studies reveal that societal benefits result from marriage and two-parent families, as married men and women live longer, are often healthier, are less depressed, and have fewer heart attacks, diseases, and alcohol related problems than unmarried men and women and, as compared to children born to single and/or of divorced parents, children growing up in two-parent families are more likely to graduate from high school, less likely to have behavioral or emotional problems, less likely to be suspended or expelled from or drop out of school, less likely to contract childhood diseases and/or die, and boys are less likely to use drugs or alcohol or commit suicide, while girls are less likely to become sexually active at an early age;
- WHEREAS,** children growing up in two-parent families usually have an advantage over children with single-parents from their access to both parents for emotional, educational, spiritual, and moral support, additional family time, and reinforcement of discipline and family values;
- WHEREAS,** due to divorce and single-parent births, twenty-three million children in the United States are disadvantaged from growing up in a household without both their parents, including forty-nine percent (49%) of the children born in the state of Louisiana and sixty-eight (68%) born in the parish of Orleans to single parents in 2004;
